SURGEON'S AFFIDAVIT.

(Date.)

It is hereby certified, That John Longstreff a private in the company of Capt. Herron in the 1st regiment of ~~the United States~~ Penn. Vol is rendered incapable of performing the duty of a soldier, by reason of wounds or other injuries inflicted while he was actually in the service aforesaid, and in the line of his duty, viz:

By satisfactory evidence and accurate examination, it appears that on the 10th day of August in the year 1847 being engaged in the line of his duty at or near a place called Puebla, Mexico ~~in the district~~ or territory of Mexico he received two wounds one in his* hip over the gluteus maximus — Muscle down to the bone, which gives him pain in stooping forward and prevents him from working as a miner in which occupation he is now engaged. The wound in the chest which entered between two of his ribs also gives him pain whenever he uses his arms to work and he is thereby not only incapacitated for military duty, but, in the opinion of the undersigned, is† 3/4 disabled from obtaining his subsistence from manual labor.

Wm M Kirn, *Surgeon.*

Saml Lloyd, *Surgeon.*

*Here give a particular description of the wound, injury, or disease, and specify in what manner it has affected the applicant so as to produce disability in the degree stated.

†The blank in the last line but one is to be filled up with the proportional "degree" of disability; for example: "three-fourths," "one-half," "one-third," &c., or "totally," as the case may be.

☞The magistrate who may administer the oath to the surgeons must certify that they are reputable in their profession, and the official character and signature of the magistrate must be certified by the proper officer, under his seal of office.
